

JAPANESE Handicraft with Ebina English Speakers

On November 10, 9 of us travelled to Ebina to learn how to make a traditional New Year's decoration called "hagoita". Our teacher was Mitsuko san, and she was helped by the rest of the Club. "haggiota" is a paddle used by children to play a game similar to badmitton. The game is called "hane".

Mitsuko san explains the craft.

Monnette, Stacie, Jen, and Julie are hard at work.

Katie playing "hane"

Thank you Ebina English Society!
